Re: Information report or Material Facts (POJK No. 31/POJK.04/2015.)

Dear Sir/Madam,

This, on behalf of PT. Gunawan Dianjaya Steel Tbk. (the Company/GDST), is to report to you the following information or material facts:

Name of Issuer or Public Company : PT. Gunawan Dianjaya Steel Tbk.
Field of business : Hot Rolled Steel Plate Industry
Phone : 031-7490598
Fax : 031-7490581
E-mail Address : hadi.sutjipto@gunawansteel.com

1.	Date of incident	13 th January 2020
2.	Nature of information or material facts	Temporary production activity discontinuation of one unit of plate mill of the Company starting from 13 th January 2020 for an undetermined period of time.
3.	Description of information or material facts	<ul style="list-style-type: none">- Discontinued segment is hot rolled steel plate industry located on Jl. Margomulyo No. 4 Surabaya.- Reasons for it are operational cost optimization as well as the optimization of production capacity utilization of the Company's mill unit located on Jl. Margomulyo No. 29A Surabaya, which has a higher capacity and the capability to meet all the demand from customers.
4.	Result of incident, information or material facts on:	
	<ul style="list-style-type: none">- Operational activity	<ul style="list-style-type: none">- Production is centralized in the Company's Plate Mill, located on Jl. Margomulyo 29A Surabaya, with a higher installed capacity, a higher yield level and a higher market selling price.- All employees of the discontinued plate mill are reassigned to the other operating plate mill except for those being appointed to preserve the discontinued one to ensure it is well maintained and able to be put

		back into operation at any time.
	- Legal	- There is no legal effect, because of no work termination of employees of discontinued plate mill.
	- Financial condition or	All financial resources are concentrated to support the operation of the plate mill on Jl. Margomulyo 29A Surabaya which will generate higher yield and its product be able to be sold at a higher by which hopefully, resulting in higher sales and higher profit margin too. Hence, sales and and profit will hopefully increase.
	- Going-concern of the issuer	No disruption on the Company's going-concern, instead productivity of the Plate Mill increases and so does product variation in terms of sizes and quality standards.
5.	Others	--

This concludes our notice so as to fullfil the above-mentioned regulation.

We thank you for your attention and cooperations..

Yours,

PT. GUNAWAN DIANJAYA STEEL Tbk
